

EIT Digital European Institute of Innovation & Technology (EIT)

Objectives

The mission of EIT Digital is to drive Europe's digital transformation. This mission encompasses several key objectives, including fostering innovation, entrepreneurship, and education in the digital domain to enhance Europe's competitiveness and address societal challenges in the digital age.

Initiatives and Services

EIT Digital invests in strategic areas to accelerate the market uptake and scaling of research-based digital technologies (deep tech) focusing on Europe's key societal challenges: Digital Tech, Digital Cities, Digital Industry, Digital Wellbeing, and Digital Finance. More in detail, the initiatives and services of EIT Digital can be classified as follows:

- Drive Digital Transformation, by promoting innovation and entrepreneurship in the digital sector. It aims to accelerate the adoption of digital technologies in various industries.
- Foster Innovation and Entrepreneurship, by supporting startups, scaleups, and established companies in developing digital technologies and bringing them to market.
- Educational Initiatives: through educational programs and initiatives designed to equip students, professionals, and entrepreneurs with the digital skills and knowledge needed to excel in the digital economy.

Target Groups

Since its launch, EIT Digital has equipped more than 3,500 students with the skills to innovate and become entrepreneurs; EIT Digital has supported more than 780 start-ups and scaleups to grow internationally, created more than 250 ventures and launched more than 540 products and services commercially.
